## What do I think about Maths?

	Always	Nearly Always	Sometimes	Hardly Ever	Never
I like maths.					
I am good at maths.					
I talk to others when solving problems.					
When I make a mistake, I try again.					
I like working with others when doing maths.					
I use maths at home.					
I find maths hard.					
I keep trying, even when I don't know what to do.					
I can choose equipment to help me find an answer.					
I know my favourite areas of maths.					
I know my least favourite areas of maths.					
I know I can do well in maths.					
I feel anxious during maths.					

Is there anything else you would like to tell me about your maths experiences? You can use words, sentences or pictures.
